Customer Information on Tax Compliant FIBC's (Bulk Bags)

What is Plastic Packaging Tax (PPT)?

This is a new tax that will apply to plastic packaging manufactured in, or imported into the UK, that does not contain at least 30% recycled plastic by weight.

The tax will come into force on 1 April 2022 and will be charged at a rate of £200 per tonne.

RDA's Tax Compliant Bulk Bags

After over 2 years of development work and testing with our factories we are pleased to be able to offer a range of FIBC's (Flexible Intermediate Bulk Containers - commonly known as Bulk Bags) which have a 30% recycled content by weight. These bags are manufactured, tested, meet the requirements of ISO and are compliant with the UK Plastic Packaging Tax. Not all FIBC's are suitable, so please ask our team members in India or the UK for advice and we will be able to help and suggest the best solution for your packaging requirements..
